**Job Title: Residential Electrician- Service & Installation**
**Location: Any company branch**
**Employment Type - Full-Time, Permanent**
**Salary: $40-$44 per hour**

**Jayden's Mechanical** is looking for an experienced and motivated Residential Electrician to join our growing Electrical Team.

**Who We Are**
Jayden's Mechanical is a premier provider of plumbing, heating, and electrical services across Southwestern Ontario. As a privately owned and rapidly growing company, we have built our reputation on a foundation of exceptional workmanship, compromise-free service, and a genuine commitment to our people and communities. We believe in building great environments—both for our clients and for our team.

**The Opportunity**
We are looking for a Residential Electrician who is comfortable working independently in residential homes and enjoys a mix of service work, renovations, installations, and troubleshooting. This role is ideal for a self-driven individual who wants variety in their day and takes pride in providing professional, quality service to homeowners.If you are an electrician who takes pride in your work, enjoys solving problems, and wants to build a career with a growing company, **we want to hear from you!**

**What You'll Be Doing**

- Perform residential electrical service calls and troubleshooting
- Diagnose and repair residential and light commercial electrical issues
- Execute electrical renovations, upgrades, additions, and panel changes
- Install and troubleshoot residential equipment, EV chargers, and electrical systems
- Install, wire, connect, service, and commission residential generators and transfer switches
- Read electrical drawings as needed
- Communicate professionally with clients and maintain a tidy work area
- Accurately complete job documentation
- Adhere to electrical codes, safety standards, and company policies

**What We're Looking For**

- Licensed **309A Construction & Maintenance Electrician**
- Strong residential experience
- Service and troubleshooting experience (asset)
- Generator installation, service, and troubleshooting knowledge (strong asset)
- Experience with Generac generators and automatic transfer switches (asset)
- Able to work independently and make sound decisions
- Strong understanding of Ontario Electrical Safety Code
- Professional communication skills and appearance
- Valid driver's licence and clean driving record
- Positive attitude and team player and excellent customer service

**What We Offer**

- Competitive wages
- Full-time, year-round employment
- Company vehicle provided
- Quality tools and equipment
- Variety of residential service and installation work
- Opportunities for overtime
- Ongoing training and development
- A growing company with opportunities for advancement
- A team that values quality workmanship and treating people right
